In Shadow Fight 2 Special Edition, gamers will have the opportunities to travel through the Gates of Shadow and discover the world beyond them. Explore the massive lands that lies behind the gates and discover the entire world of epic shadow fighters.As it turns you, the world beyond the Gates has also been corrupted and oppressed by the invaders from another dimension. Thus, begin your own quest in this world, to defeat the enemies and bring peace to the realms. Encounter with many interesting and capable warriors along the way. Befriend and have them assist you with the battles.Pick up a variety of different weapons with unique play styles, train your characters following unique paths, and defeat the enemies with your own styles. Enjoy the exciting duel combats and in-depth RPG elements.Here you'll find all the exciting features that the game has to offer:To start with, you can dive into the exciting combats through the simple yet intuitive controls that're featured in the game. With well-designed and optimized touch screen usage, Shadow Fight 2 will give you relatively comfortable experiences on your mobile devices. In addition, you can also customize the controls in order to unlock even more enjoyable gameplay.However, simple controls don't mean that the game is easy at any means. In fact, with various challenges with escalating difficulties, gamers will find themselves having a lot of challenge in mastering the art of Shadow Fight.In addition, not like the other games where you often have to limit your gameplay because of the limited energy, or something like that. With Shadow Fight 2, gamers will find themselves being able to enjoy the game for hours on end. That being said, you can jump to the game whenever you want and discover the realm of the Shadow without any constraints.Discover new storylines that are not available in the previous gameIn addition, the game also features unique stories that you can't find on the original Shadow Fighter 2. Having said that, in this version, you'll have the chances to discover about your sensei's past as well as travel beyond the Gates, looking for the mysteries behind it. And most importantly, you can enjoy the entire story mode without having to make any in-app purchase or spend time grinding, with the game focus highly on your skills.And along with the available play styles, you can also pick up different weapons to help you with your ways of combats. That being said, you'll find the huge weaponry in Shadow Fight 2 Special Edition extremely fun and exciting to look at. The amount of weapons from varied categories are simply amazing. Hence, you can find yourself throwing daggers at the enemies, slicing them into halves with your Kanata, or smash their heads with your halberd, and so on. You just need to collect enough coins and gems to unlock them.As you explore the worlds in Shadow Fight 2, gamers are also allowed to travel through the massive maps with unique challenges and opponents to face against. Throughout your journey in Shadow Fight 2 Special Edition, you can discover a total of 7 different provinces in the world beyond the Gates and confront the very own Titan himself.And if you find playing the game in English somewhat challenging since it's not your native language, then the game will also give you many available language options. Enjoy your favorite game in your preferred languages and never find it so satisfying.As for your in-game progress, you can easily protect it by having the game connected to your Google Play Services account. With this, all your saves will be automatically uploaded online whenever you're connected to the Internet. Hence, you can be back where you left of even if you're playing on a new phone or have the game accidentally deleted before.In addition, unlike the original Shadow Fight 2 game, with the Special Edition, gamers will not be bothered by the annoying advertisements. That being said, with ad-free experiences, you can enjoy the epic Shadow Fight battles to the max.The game is currently listed on the Google Play Store as a paid version. Hence, you'll have to pay for it. However, if you don't want to spend your money, then we've just the thing for you. With our modified version of Shadow Fight 2 Special Edition, the game is now completely free to download.And you'll also have access to plenty of exciting hacks that are also included in the game, especially the unlimited money hack. In addition, with the smooth and satisfying framerates, every fight will look extra realistic and enjoyable. And lastly, with the adjustable graphics, gamers can still enjoy the game despite having a low-end device.With the realistic and authentic sound effects, gamers in Shadow Fight 2 Special Edition will also find themselves totally immersed in the epic world of the Shadow warriors. In addition, the unique soundtracks will surely hook you to the gameplay for hours on end.If you've enjoyed the previous games from the series like Shadow Fight, Shadow Fight 2, and Shadow Fight 3, then you'll surely enjoy your next adventures in Shadow Fight 2 Special Edition. Discover new stories as well as all the amazing features that have made the previous game so popular. And most importantly, have fun with the completely unlocked gameplay from our mod. Shadow Fight 2 Special Edition is the version that marked the success of Nekki with this game. It is actually a paid version of Shadow Fight 2 and players will have more incentives. Specifically, you will not see ads at the same time with unlimited energy that makes the Chapter here pass easier. The explosive battles that go through the Gates of Shadows are once again re-created, you will surely conquer it less difficult. If you download Shadow Fight 2 Special Edition on Google Play you will be charged, but not only at GameDVA.com, you also have unlimited money features. Spending and upgrading are not limited right from the start of the new game.With special offers for players, Shadow Fight 2 Special Edition still attracts millions of players who are already experiencing. You won't find priority options when installing the free version, but all modes are also rated as harder. If you still want to keep the gameplay but you need to reduce the difficulty of the challenge, Shadow Fight 2 Special Edition is the right choice. And you want completely different gameplay, don't forget Nekki's Shadow Fight 3. From sound, graphics, game mode, we can all describe it with two great words.Download Shadow Fight 2 Special Edition MOD APK - Extremely attractive game modelIf you say that Shadow Fight 2 Special Edition is nothing new, it is not so. Players who know the truth behind Sensei's past in the story chapter are only available in this version. Besides, without grinding, you can still complete the Story mode. About controls for a better experience for all devices. Actually, Shadow Fight 2 Special Edition makes me find it difficult to write introductions because it has so much in common and nothing new like features or game modes. Therefore, the following is a brief piece of useful content if you are concerned about the differences between the two versions.HighlightsNo ads, no energy limit are two features to mention first about Shadow Fight 2 Special Edition APK. Not only does it make it easier for you to complete quests while playing without ads, but it will also always provide a high-quality experience. Your emotions are not distracted while playing in this special version.In addition, weapons, armor, and gems are also more when you complete the game screen. The rate you receive is different from Shadow Fight 2, or in other words, this is also a trade-off when users need to pay. On the other hand, some other minor factors such as some design image you will probably discover by yourself. It is not necessary to introduce too much.Some noteThere are many feedbacks that Shadow Fight 2 Special Edition fails from the players. The reason is that they don't see the Eclipse mode and Underworld feature. However, according to the announcement from Nekki, they did not allow those two features in this version. It really is a limit, no errors have occurred.Shadow Fight 2 Special Edition is a version for loyal fans of Nekki in general and Shadow Fight 2 in particular. In other words, it is a gift of gratitude from the publisher for the players. Download Shadow Fight 2 Special Edition MOD APK please go through 7 provinces and find ways to defeat Titan that makes him tremble in admiration. Shadow Fight 2 Special Edition (MOD Money) for android - an extended edition in which the creators decided to get rid of users from a lot of inconvenience, spoiling the perception of the gameplay. Differences from the original are noticeable almost immediately: there is no pop-up advertising; added an additional storyline; new gadgets for pumping the character. But the most important bonus in the premium edition is the lack of energy of the fighter, which always ended at the wrong time.Passing the campaign, the player will face on a multitude of arenas with the legendary warriors of the east, who are not on their own will switched to the dark side. Each encountered fighter has a number of original skills, so it would be worthwhile to follow separately for the movements and style of each, because one trick can put an end to your journey. In addition, do not forget that the new warrior is much stronger than the defeated and it is extremely important for you to upgrade your character's skills. To do this, we added a hacked Shadow Fight 2 Special Edition on the site with a mod on a large amount of game currency, with which the adventure will become much easier.Already familiar graphics in the game has not worsened in any way, it is also implemented in the shadow format. Physics, animation and combat system will attract fans of high-quality smart fighting games. Download our premium version of the legendary game and get acquainted with the new journey of the brave ninja.Specific game:version without ads:new types of weapons and ammunition;unobtrusive management;beautiful graphics and animation;there is no energy;the opportunity to play a new storyline.
