One of the 3D Font Effects for Photoshop you can find at Envato ElementsIf you're looking for just the right 3D font for an upcoming project, it's important to get a good idea of the range of 3D text fonts and font effects available to you. That's why we've put together this list of over 50 of the best 3D fonts, 3D font effects for Illustrator and Photoshop users, and a list of the best tutorials to help you create your own 3D font alphabet. Want to know how to make your own 3D text in Illustrator? Try our free course! Unlimited Font Downloads at Envato Elements Every creator needs good source materials, and Envato Elements is the ideal one-stop shop for graphic designers and dabblers. One of the things that makes Envato Elements unbeatable is that it offers you thousands of gorgeous fonts by the most talented designers in the field. And you can also download as many as you want, as often as you want, for one flat monthly fee. One low monthly fee = unlimited access to the best fonts available on the internet today. What's more, that monthly fee also allows you to access thousands of premium digital assets like logos, graphic templates, mockups, photos, business card templates, and much more. Now that's what I call a great deal. 23 Best 3D Fonts at Envato Elements Let's take a look at some of the best 3D fonts you'll find at Envato Elements. Under Construction 3D Color Font This striking 3D text font is nothing if not innovative and cool. Appearing to be constructed out of wire, this is a great option for those looking for a 3D wireframe font. The SVG OpenType font is offered in uppercase Latin characters and numbers. Chivels Chivels is a 3D letters font with a chiseled effect. It comes with six fonts styles—inner, light, dark, base, outline, and shadow—that can be combined to create different effects. The set includes uppercase Latin characters and numerals, as well as alternate characters. The Rupture 3 Styles The Rupture is a hand-painted typeface created to simulate the look of custom hand lettering. The 3D effect is created by the inclusion of a drop shadow with an attractive dash stroke effect. A great font for posters, greeting cards, T-shirts, etc. The Rupture includes upper and lowercase characters, punctuation, numerals, support for international languages, as well as stylistic alternates and ligatures. Sequents Sequents is a bold sans serif 3D text font that offers six layered styles. The uppercase font is a great option for those times when you need a display text that will command attention. It includes numbers, punctuation, and multi-language support. Ombre Color Font How about this 3D block font, which captures the spirit of ombre in a choice of two colour versions? This terrific display font is also a great option if you're looking for a colourised 3D metal font effect. LANDdeuh LANDeuh Typeface is a great choice for those looking for a 3D font family that offers a bit of variety. This layered typeface included lowercase and uppercase characters, numerals, symbols, punctuation, and unique glyphs in regular, shadow, solid, innerstripe, and outline styles. Bombero - 3D Graffiti Font Looking to replicate that graffiti aesthetic in your new project? This 3D graffiti font can help. Bombero has a fun style that will give street-cred to your posters, signage, album covers, T-shirts, etc. The font includes upper and lowercase letters, numbers, punctuation, and several foreign language characters. Bluesky SVG Font What's the next best thing to a 3D curvise font? You got it: a 3D script font! You can't go wrong with Bluesky, a gorgeous 3D script font with shadow detail that creates a 3D effect. The font includes uppercase and lowercase letters, numbers, punctuation, alternative characters, and multilingual characters. Ultra - Modern Font Here's a 3D text font for all the cool kids. Ultra Modern font is a fabulously stylish 3D font that would complement projects as varied as signage, posters, or lettering for apparel. Uppercase letters, numbers, and punctuation are included. Hypobest This layered 3D typeface features bold and eye-catching text alongside beautiful ornaments inspired by vintage lettering sign and art. An excellent choice for branding projects, advertisements, product packaging, labels and more, this 3D block letter font includes over 500 glyphs, ligatures, and stylistic alternates. Sebastian Sevastian Typeface is a 3D font download that offers seven layers of text that you can combine in various ways to create your own unique and eye-catching 3D letters. The font contains uppercase characters only and is an excellent choice when you need a bold display font to make your message stand out. Calasans Looking for a cool 3D font for a major rebranding or that'll make your text stand out? Check out Calasans, a sans serif font with seven layered styles. You can use this retro-inspired font to create cool 3D effects without needing any addons. The set includes letters, numbers, and punctuation. Extrudo Font How's this for an awesome 3D block letter font? Use Extrudo for those special projects when you want to bring some style and charm to your work. Be careful, though, to use it sparingly and only on large projects, as the font may become illegible if used at smaller sizes. La Venice Add a bit of that Broadway glamour to your projects with this superb 3D script font. La Venice offers both lowercase and uppercase letters, numbers, and punctuation, and it also includes alternates, ligatures, and an end swash so that you can really make this 3D text font uniquely yours. Rachael Script Rachael Script is a 3D script font with a vintage feel. It's the perfect display text for signage, branding, logos, apparel, etc. The 3D letters font contains almost 600 glyphs, which include upper and lowercase characters, numbers, ligatures, etc., so you can create unique text for every project. RADON How gorgeous is this 3D alphabet font? Radon is one of those special display fonts that you keep in your back pocket for special projects where you need to up the wow factor. The collection consists of three styles: regular, bold, and deco. CA Spy Royal CA Spy Royal is a 3D curvise font that comes in six styles so that you have a lot of options to choose from. The font has a distinctly vintage feel based on a 1950s font used by Japan Airlines. The font consists only of uppercase letters, so it's best used as a display font. Playbook Font Family The aptly named Playbook Typeface consists of an extraordinary trio of hand-crafted 3D block fonts that can be combined in any way you imagine to create titles, signage, and headlines that are playful and fun. Bembies - 3D Graffiti Font Lend that vibrant urban vibe to your next project when you use this 3D graffiti font. The font includes upper and lowercase letters, numbers, punctuation, and several foreign language characters. It's the perfect display font for large posters, album covers, signage, etc. BiteChalk Typeface BiteChalk Typeface is made up of four 3D block letter fonts created to resemble the texture of chalk on a blackboard. A great option for creating menu boards, signage, T-shirts, and posters, this wonderful typeface is versatile and cool. Spaghetti Script Well, what do we have here? A 3D letters font inspired by spaghetti, and one that does a great job of capturing the shape, form, and movement of this popular Italian dish. The font is made up of upper and lowercase characters, numbers, punctuation, and plenty of ligatures and contextual alternates that allow you to create exactly the look you want. Articlave It is easy to see the vintage inspiration behind this wonderful 3D block letter font. The font family includes regular, ornaments, and all caps styles, and it will certainly bring a touch of style and specialness to labels, logos, signage, posters, and other projects. Wicked Mouse Looking for a 3D block font that would work well for projects targeting children as well as adults? Well, look no further than Wicked Mouse, a wonderfully playful 3D alphabet font that is perfect for movie titles, children's books, T-shirts, signage, and more. The font includes uppercase Latin characters, punctuation, foreign language accents, and more. 20 Best 3D Text Effects From Envato Elements Sometimes, the best way to get the exact 3D font you're looking for is to use a font you like and add a text effect to it. Here are 20 of the coolest 3D text effects for Illustrator and Photoshop from Envato Elements. 3D Metal & Gold Effects Looking for 3D metal fonts? Why not try a 3D font effect using Photoshop, like 3D Metal & Gold Effects? The pack includes ten gold and metal effects that you will agree are quite stunning.
