how to breed a gemstone dragon in dragonvale This is a topic that many people are looking for. savegooglewave.com is a channel providing useful information about learning, life, digital marketing and online courses .... it will help you have an overview and solid multi-faceted knowledge . Today, savegooglewave.com would like to introduce to you How to breed all the Gemstone and Crystalline dragons in Dragonvale!. Following along are instructions in the video below:Hey guys. Its g man. Here and today. Were gonna do some dragon dragon veil and theres actually no new dragons. So i just want to do simple for today. Since theres been a lot of people with concerns of i dont really know what i was going to say right there thats probably something else oh yeah im gonna fix the people who are giving me gems and stuff gonna let you know you guys are doing awesome. And yeah. Lets see what was gonna do again. Oh yeah. I was gonna do a great thing. Im going to actually just get all the gems to dragon breeding hits in one video. Because you know people already know how to get the gem. So dragons and theres still people out there who are beginners you dont know how to get them. And theres like videos on how to get them already. But you know what i dont think theres a video yet on how they get all the gemstone dragons. So i dont think this will go for special gemstone dragons like the chrysalis ones. But you know ill knock goes out to the chrysalis ones. If i pronounced that wrong or these dudes. But lets focus on these dudes. So these are all the breeding hints for all i think. Its 26 32. 26. To 32 gemstone dragons. how to breed a gemstone dragon in dragonvale-0 So the breed hammer. You will need a quick and evergreen the breeding amethyst you will need a hale and sonic the breeding. An aquamarine you will need a iceberg and river. The braided diamond you will need an ice and mind for an emerald you need election and crystal for granite. You will need a smoke and abyss no obsidian for jade. You will need a plasma and salamander plasma is actually really hard to get you need to breed a lightning dragon plus a dragon containing the water element in another element. So to be planning water plus. The lightning dragon then youll need a jet dragon. I said jet debris the jet dragon. You will need ashen fog frost fire the breed floras fire you require the coal dragon breeding with i dragon containing the fire element like lets say plan fire we say pepper and cold to get that and they bring the lapiz you will need thunder and sandstorm sandstorm. You require a air dragon breeding with a dragon containing the earth element and in their element. So we earth and plant for all care. Thats how i got mine. I bred air moss then opal you require lava my dragon pretty simple owes to or not too hard to get and i live i leaving in a living. I cant pronounce that for gosh sex. Who knows youll need a bloom and pain long paying long is especially your dragon that only comes during the chinese new year. So good luck without one but blooms in season. I believe um pearl you require a snow and seaweed dragon. I always thought it was something else instead of snow next period. Which is my brothers birthstone. You will require crystal and cactus dragging those two i have a lot of um ruby ink breed ruby. You will need a chrome and a scorch dragon scorchy out those two are not too hard to get and the breed. A sapphire dragon. how to breed a gemstone dragon in dragonvale-1 You will require a rain dragon. A mountain dragon. The breed topaz you require a cactus plus. Firefly and torque aureus tor copyists. I cant pronounce that um. You will need a poison swan. Thats not too hard since weve already knocked out all these im gonna let you guys look through these one more time. Were going to scam little scam like any pics in the background ignore him. But yeah now well go over the special gemstone dragons whoopsie. I dont think this is writing this like that so as rue light. You will need a glacier plus. Me youre probably done video on how to get that one hard a so you dont need to worry about that one. But this will be asked in anyway then hard it part it harder right you will require a hail and dote. A doe dragon. You need the green herb dragon plus and air dragons will be smoking in earth dragon or anything on those lines. I could probably put the bean gradients bismuth. Ive done a video on this its pretty simple glass and forge cross spur. You require a mitchell and a huh. So the name my teacher um hop took youll need a debride the grass metal dragon you need a metal dragon breeding with a plant plus any other element so i can be a metal and moss or something on lines of that lower body dot. Too im not going to pronounce once. I cant even say youll need a chrome and blue fire blue fire you need to bring a dragon that contains the fired you need that the fire dragon and a dragon containing. Ice and something else will be evergreen and fire dragon. Something on those lines. how to breed a gemstone dragon in dragonvale-2 You can get it now for this one. Its pretty simple sulfur glass. And i dont have this one yet so since were here. Well just knock this out snow and snow and pollen for the orchid net for a pair right you need iron thunder for quartz you need lumiose in lava for something i cannot pronounce you need a land stone and a mountain lance tones not too hard to get i have a breeding hand on that one ill actually show you guys that in a few guys i dont remember and then terminate uni from them i cant pronounce it right now. Ive already said. Too. Many words and a crystal dragon and ignore that and then wave light dragon. You need a summer. Shimmer and a evergreen. So lets go over this one right here for the limb stone. Im gonna go back over here cuz limb stones a little obvious one limb stone lets see where you at buddy uh. I havent bought many of these habitat. Things. I cant really do that in my next video. Um maybe. Its not in season. Probably not in season. Oh yeah so they breed this one youll just need a bell and grass wait there you go you just have to breed metal and lightning. Its not too hard actually silly me um. But yeah. Ill tell you read all those and by the way. If you guys need help making. Friends you can go check me out on facebook and a friend. how to breed a gemstone dragon in dragonvale-3 Me. There ill put a link to that in the description. And you need help logging in to your facebook or logging in to you get your friends. You can click invite. Friends and search up the players names. I stubbed not fear that out or you can sign to your facebook. Lets say i sign into my facebook right were going to go here. And im going to say okay were going to dragon bail. And then bang done so you sign into your facebook. And then i should have all your friends from facebook on the bottom. Lets see if i can find one. Oh. Wait. I just given one. Here this buddy let me give them a gift tomorrow were here. But yeah ill give you guys gems gifts and anything you need and yeah oh. But yeah. Thats all i have to do for this video. And dont forget the events ending soon so you better hurry up and we have also collected all the dragons once again in dragon vale. So im pretty good on that i want to get all the pistols now thats my next goal. But i hope you guys enjoy this video and hope this helped you out getting all the gemstone and chrysalis dragons and yeah see yaks. Im g man out music. . how to breed a gemstone dragon in dragonvale-4 Thank you for watching all the articles on the topic How to breed all the Gemstone and Crystalline dragons in Dragonvale!.
