She; People wanted to focus on gossip, but the book is much more than this. I believe that when the person who buys the book and the party, you will see that he is not gossip. It has a gossip, because each of us has in life, but there is a story and a message at the end,; guarantees Leo Dias in an interview with the Post and this story that the journalist wanted to portray was a surface of the reality ; guaranteed by the efforts of Mirian Macedo and the specified, strategic and perfectionist mode of Anitta; which gave rise to a solid career and success in Brazil and all over the world, at a level that no Brazilian artist had won before to portray the character, the author made three long interviews with his own anitta and other occasions Long with two essential figures for history: the mother's brother of the mother, Mirian Macedo and Renan Machado. The two are a speech of the artist's heel conductor and also from the book, then the mother was the most responsible for the singer having had a good education, studying in the renowned schools of Rio de Janeiro, early learning of the English language and bets on the technical administration study, fundamental knowledge for the procedure described in articles, and the brother, the main supporter, from the DJ started today.The relations of the three aligned religious knowledge of Leo Dias, who accompanied the first steps of the Anitta in Musical market, and with the other interviews guaranteed the narration, which is unexpectedly, with the arrival of the grandmother of Larissa in Rio de Janeiro, of which he inherited musical talent. Nonna Pedro Jurio Macedo played the floor, And saxophone. Anitta was the only family to follow the dreams of the Patriarch of the Macedo family, the clan of the artist's mother. The first manifestations of artistic life of her were still in the tender age, she to sing Sunday in the church and then participate in a competition at the best school of clothing in recycled material. The victory in the dispute would have guaranteed her leave and her brother in a private collection in Rio de Janeiro. Even without apparent to take a chance to the competition, Larissa was a certainty of victory, which came thanks to the girl's auditor and the talent of Mother's seamstress, the book begins to trace the trajectory of Larissa to become anitta. The video strategically realized at home to bomb on the web, which guaranteed the artist's presence in Hurrican 2000, producer and recorder Carioca Front Funk. The first point of view of a career from Hurrican 2000, the bet on successes like a girl and entertainment of the powerful, the first steps to win the Brazil market; the clashes with the old office, the time of administration of the first career and the Way to be known throughout the world, as it is currently. That is, fan success at the Anitta.; You did the right way. There are a lot of people who are missing when dreaming of reaching the American market. Anitta was brilliant. She understood that to get to the American market, who she needed to enter through Latin America. She was perfect in just associating in Maluma and then to J. Balvin. He knew he was a man and today he sings with both. But he worked for this. She was strategic, she was brilliant. From the beginning, I remember I called Anitta and she said she couldn't talk about why she was in Spanish class. She is very concentrated from the beginning she knew she wanted to win the Latin market and that for this she had to study Spanish; Anipt Day analysis still approaches another aspect of the singer;. Personal life. In addition to the strategy, Leo Dias asked questions to humanize the figure of the artist, who often starts when it comes to Anitta. ; My intention was to show the life of him (beside his fame). This was my intention and I think I could realize,; he says. For this reason, the author counts more on the Carioca relationship with candomlÁ ©, the religion of which it is adept.This extracted from the book, also was the only one in which Anitta interfered. ; He only read the chapter of religion, because he was a matter that he asked me to be careful. You took some things. You took the details of the Teriro, who is the refuge of him. It is where you can collect and she was going to lose all this. I think it was a mission fulfilled at that point. The mission, in this case, was to try to put an end to prejudice, since people call the religions grabble to be something wrong, and when you are serple, I think it's a big step,; Complete the journalist . The self-esteem and the relationship with the body, which she had innumeras Estimatic clinics, are also part of the narration. The most touching moment of the book is the final chapter, in which anip counts, in a certain way, of the collection of the female figure in the musical market. . I think it's very unjst as people face old age. I want to give me the right to age. The public does not accept someone who ages them. Mostly a woman. I don't want to be that for the rest of my life,; he reports the singer when he explains that he intends, yes, in a few years that retire. Nobody stays at the peak forever. Life is a cycle. An hour will fall. Right. And at that moment, I don't want anyone waiting for me the opposite. Do you know the PeiÁ ©? Did you see the decay of the skin? No one has seen it. He was king. He shone. And bye. He gave another way. This is everything. After me, another;? Requests / Leo Dias what motivated to make a biography in particular on Anitta first, has been where it arrived. Do you think you actually stop? I Ē Sa if it will be four or five years old, I don't know Ē. But I think she'll stop, because she Á © very intelligent and very intelligent. You know when the sampler market Á á Ē wants a more person when the market already saturated EstáfÁj. You realize easily. I believe that after a while greatly reducing the comesÁfÁšar (the number of shows and career investments). After the hurricane á Ē Anitta, is it to think of making other biographies? A (publisher) Edioreo Giù called me to make a biography of 2020. It's what I want, but in Ē I know if it will roll. My idea is the days of the Belo chain. Toaster, when he enters the chain and ends the day in which leaves, on everything that happened at that time. How does artist come from a size in prison and out much more popular? -Solo in Brazil and the only fair. The chain was a lever in his career and Ē - only this. I had a lot happened in that there's Ē á á á á á á á Ē sa. While he gets married with a woman and left married with another? What © this chain? How maybe you know Algua © in prison?
