Alter bridge champion

Alter Bridge are currently hitting with "Show Me a Leader," but now the band is ready to follow that up with the new song "My Champion," a rather uplifting song off their upcoming The Last Hero album.The track is a high energy rocker coming from a positive place, with Myles Kennedy belting the chorus, "Sometimes you fall before you rise / Sometimes you lose it all to find / You've gotta keep fighting and get back up again / My champion." As for the lyric video, it spoofs out in the red and black theme the band appears to have adopted in promotion of their new album."The lyric was actually inspired by thinking back to my situation as a kid," Kennedy recalls. "I was this really small, underdeveloped kid who had to work extremely hard to keep up with all of my peers. It was very frustrating. I would hear a lot of words of encouragement from parents, coaches, or teachers though. A lot of those things were stored away, and they manifested themselves in this song. I've been able to apply some of those concepts in my life a thousand times over since then.""My Champion" appears on Alter Bridge's fifth studio album, The Last Hero, which arrives on Oct. 7 via Caroline Records in the U.S. and Canada and Napalm Records in other parts of the world. The album is currently available to pre-order via Amazon, iTunes and GooglePlay, while you can also pick up the disc in a variety of bundle options at the band's website.Having spent a good portion of the summer on the road in the build-up to the new album's release, you can look for Alter Bridge playing more shows this fall. I'll be channel surfing on my car radio (yes I still listen to the radio), and I'll catch a fragment of a lyric that is so startlingly positive that I'll crank the volume just to make sure I'm hearing it right. That happened to me last week. The song in question, Alter Bridge's "My Champion," was released more than a year ago. Now, ordinarily, we wouldn't review something that dated without a really good reason for doing so. Well, here's your really good reason: This song is really good. How good is it, you ask? So good that I don't have a single negative thing to say about it. And that's an occurrence so rare in my music reviewing experience that I wanted to share this inspiring progressive rock track with you—even if it is a year old. Don't Stop Believin' There was a time, lo decades ago now, where upbeat rock anthems ruled the airwaves. Songs like Journey's ubiquitous "Don't Stop Believin'," or Bon Jovi's "Livin' on a Prayer," among many others. Creed repackaged that feel-good formula in the late 1990s with hits such as "Higher" and "With Arms Wide Open." And despite the band's widely mocked status these days, many of its songs were more redemptive than most of the music of that era. While it has never enjoyed the commercial success of those bands, Alter Bridge (which features three of Creed's original members) has kept the inspirational rock fires burning. Neither the band's sound nor its upbeat message gets the kind of traction that they might have enjoyed 20 or 30 years ago. But listening to "My Champion," I can't help but wish that things were different. This song is terrific. Simply put, the song delivers a message of encouragement and hope to someone who's struggling. And it's apparently a message being passed on from one generation to the next: "May this be your victory song," frontman Myles Kennedy begins. "A song for you when I am gone/Reminding you of what you're meant to be." Then he adds, "A gift to bring you clarity/To show you that your destiny/is not defined by what you've failed to see, no." Kennedy and Co. acknowledge the possibility of failure ("Sometimes you fall before you rise") even as they exhort listeners not to let failure have the last word ("You've gotta keep fighting/And get back up again/My champion"). They even suggest that some lessons can be learned only when things don't go our way: "You've lost so many times it hurts/But failures made are lessons learned/ ... You will survive and be so much more/Than you were." The Power of Encouragement The realm of metal can often be a place of anger, alienation and disillusionment. But that's not the case here. Instead, Myles Kennedy gives us a song, he told blabbermouth.net, that was inspired by the kind, encouraging things that his parents and teachers told him when he was growing up. "The [song] was actually inspired by thinking back to my situation as a kid," he said. "I was this really small, underdeveloped kid who had to work extremely hard to keep up with all of my peers. It was very frustrating. I would hear a lot of words of encouragement from parents, coaches, or teachers though. A lot of those things were stored away, and they manifested themselves in this song. I've been able to apply some of those concepts in my life a thousand times over since then." When was the last time you heard a hard rock band give a shout-out to teachers, coaches and parents who challenge struggling teens to hang in there? Yeah, it doesn't happen very often. So if you've got a young rock fan in your life in need of a redemptive message, you'd be hard put to find a better one than "My Champion." - * Ver vídeo Alter Bridge My Champion letra May this be your victory song A song for you when I am gone Reminding you of what you're meant to be A gift to bring you clarity To show you that your destiny is not defined by what you've failed to see No May this lift you up When you feel you'll fall again You cannot win, no Hope these words are enough For you to be strong, my friend Sometimes you fall before you rise Sometimes you lose it all to find You've gotta keep fighting And get back up again My champion Oh, my champion You've lost so many times it hurts But failures made are lessons learned Cause in the end what you are will be much more Than you were May this lift you up When you feel you'll fall again You cannot win Hope these words are enough For you to be strong, my friend Sometimes you fall before you rise Sometimes you lose it all to find You've gotta keep fighting And get back up again My champion Don't ever run away For every fear you face You will survive and be much more Than you were Sometimes you fall before you rise Sometimes you lose it all to find You've gotta keep fighting And get back up again The world's gonna try and knock you out Just pick yourself up when you go down You've gotta keep fighting And get back up again My champion Oh, my champion My champion My champion videolyrics Rock Alter Bridge My Champion (Tradução) Meu Campeão Que este seja o seu cântico de vitória!Uma canção para você quando eu me for,embrando-o de que você está destinado a serUm presente para lhe trazer clarezaPara mostrar que o seu destinoNão é definido pelo que você não conseguiu verNãoQue isto possa te levantarQuando você sentir que vai cair de novoVocê não pode ganhar, nãoEspero que estas palavras sejam o suficientePara você ser forte, meu amigoAs vezes você cai antes de subirAs vezes você perde tudo para encontrarVocê tem que continuar lutandoE voltar novamenteMeu campeãoOh, meu campeãoVocê perdeu tantas vezes e dóiMas as falhas feitas são lições aprendidasPorque, no final, o que você é, será muito maisDo que você eraQue isto possa te levantarQuando você sentir que vai cair de novoVocê não pode ganhar, nãoEspero que estas palavras sejam o suficientePara você ser forte, meu amigoAs vezes você cai antes de subirAs vezes você perde tudo para encontrarVocê tem que continuar lutandoE voltar novamenteMeu campeãoNunca fugirPara cada medo que você enfrentaVocê vai sobreviver e ser muito maisDo que você eraAs vezes você cai antes de subirAs vezes você perde tudo para encontrarVocê tem que continuar lutandoE voltar novamenteO mundo vai tentar jogá-lo foraApenas se levante quando você estiver para baixoVocê tem que continuar lutandoE voltar novamenteMeu campeãoOh, meu campeãoMeu campeãoMeu campeão Deixe seu Comentário:
